

**HILLSIDE**

PREFINISHED ENGINEERED  
HARDWOOD FLOORING

### GENERAL CARE & MAINTENANCE GUIDELINES:

- Regular sweeping and vacuuming will help to keep dust & debris off of the floor, do not use vacuums with a beater bar as it can potentially damage the surface of the floor
- Blot up any liquid spills as soon as possible to prevent damage to the floor
- A microfiber cloth or mop is recommended for deep cleans
- Do not use any harsh chemicals, surfactants, or detergents on the floor, including cleaners that contain any of the following: ammonia, bleach, oil, polish, wax, or alkaline cleaning agents
- Excess moisture can damage the floors, do not use any heavy wet mopping or steam cleaners
- Prevent scratches & gouges in the floor by using furniture pads or floor protective mats under any sliding furniture or frequently abraded areas, such as underneath chairs and pet bowls
- Take caution with footwear such as athletic cleats and high heels, as these may damage the floor
- It is recommended to keep pet nails trimmed to help prevent damage
- Rubber-backed rugs are not recommended as they can damage the floor over time, a felt rug pad can be used to protect the floors, occasionally rotating large rugs is also recommended
